
CAPSULE HOTEL LUCERNE THELAB

WHERE EVERY CAPSULE HOTEL IDEA STARTS.

THE STORY

TheLab is where it all began. Built in 2018 as the first capsule hotel in Switzerland, it sits inside a working coworking space in the heart of Lucerne. Every new feature, format and guest experience in the Capsule Hotel group is tested here first. Sixteen capsules, each with its own unique Swiss nature photograph.

The coworking space - A fully equipped working space open to guests and day visitors alike. Flex desks, private offices and meeting rooms available alongside the hotel.

Communal kitchen and lounge - A shared kitchen and hangout area where guests and coworkers cross paths naturally.

FACTS WORTH KNOWING

- Flex desks, private offices and meeting rooms available for day use, with or without an overnight stay
- No reception desk. Check-in is fully digital from start to finish.
- The idea was born in a single evening in 2017, when a creative exercise about a caterpillar turning into a butterfly sparked the concept of a sleeping capsule.

SUSTAINABILITY

0.58 KG CO_2E PER GUEST NIGHT
up to 91% below the Swiss hotel average.

ABOUT CAPSULE HOTEL GROUP

Founded in Lucerne in 2018, Capsule Hotel Group operates five properties across Switzerland and Copenhagen. The concept sits between a hotel and a hostel: private sleeping capsules designed for genuine comfort, with shared spaces that reward slowing down. Every property is built around a strong design concept, with open areas that feel considered rather than incidental, and bathrooms stocked with Swiss quality toiletries, designed for privacy and comfort.
