CAPSULE HOTEL ZURICH AIRPORT

STEPS AWAY FROM CHECK-IN 1

THE STORY

Inside Zurich Airport, Capsule Hotel brings the stillness of the Swiss Alps into one of Europe's busiest transit hubs. Photography by Swiss photographer Fabio Zingg lines the walls and the capsules themselves, and every material was chosen to evoke the warmth of an alpine chalet.

Our Alpine Bar is open 24 hours a day, every day, serving Swiss products around the clock.
In the bathrooms, details are carried through the design, Swiss quality toiletries, and a small fitness area with free weights and yoga mats.

FACTS WORTH KNOWING

- Steps from Check-in 1: it's the closest accommodation to Zurich Airport's departure gates.
- Built during COVID, opened the day Switzerland lifted its mask mandate
- Designed around the photography of Fabio Zingg, a young Swiss photographer whose alpine images bring mountain stillness into the Airport.

ABOUT CAPSULE HOTEL GROUP

Founded in Lucerne in 2018, Capsule Hotel Group operates five properties across Switzerland and Copenhagen. The concept sits between a hotel and a hostel: private sleeping capsules designed for genuine comfort, with shared spaces that reward slowing down. Every property is built around a strong design concept, with open areas that feel considered rather than incidental, and bathrooms stocked with Swiss quality toiletries, designed for privacy and comfort.
